

## Call for Applications for Ph.D. Scholarships

One dual degree PhD Position in Electrical and Computer Engineering or Computer Science •  
CMU Portugal

The Institute of Telecommunications (IT, Aveiro and Porto) and Carnegie Mellon University (CMU), on areas of Computer Networks (more specifically on vehicular networks), Artificial Intelligence and Robotics, are looking for candidates for the dual degree Ph.D. scholarship of the Carnegie Mellon Portugal Program (CMU Portugal) to be associated with its Entrepreneurial Research Initiative (ERI), for research within the scope of S2MovingCity: Sensing and Serving a Moving City. Specifically, IT and CMU are looking for candidates to the following doctoral program available through the CMU Portugal ([www.cmuportugal.org](http://www.cmuportugal.org)):

Doctoral Program	Deadline for application	Link for application	Research	Contact at IT / CMU
Electrical and Computer Engineering, or Computer Science	December 15, 2016	<a href="https://www.ece.cmu.edu/prospective/graduate/application/">https://www.ece.cmu.edu/prospective/graduate/application/</a>	Solutions for data collection from sensors and content dissemination in a vehicular multi-hop environment.	Susana Sargento (susana@ua.pt) Peter Steenkiste (prs@cs.cmu.edu)

Awarded scholarship will have a start date of **January 1<sup>st</sup>, 2017**. Financial assistance is granted on the basis of the student's potential for scholarship and creative research, and consists of a tuition grant and stipend support.

Any questions on this specific ERI should be directed to the faculty listed above as contacts.
