

Bolsas de Gestão de Ciência e Tecnologia (BGCT)

(CMU-Portugal Coordenação and project refª CMU-P Gestão 2018)

The Instituto de Engenharia de Sistemas e Computadores, Investigação e Desenvolvimento em Lisboa (INESC-ID) Portugal is one of the largest and most dynamic research institutes in Portugal in the areas of Computing Systems and Communication Networks, Embedded Electronic Systems, Information and Decision Support Systems, Interactive Intelligent Systems and Energy Systems.

1 “Bolsa de Gestão de Ciência e Tecnologia” (BGCT) is now available in project CMU-Portugal funded by Fundação para a Ciência e Tecnologia, IP., under the following conditions:

Duration

12 months starting on **April 23rd 2018**. The grant may be renewed within the period of the project, not exceeding the maximum period set by FCT for such grants. Renewal is subject to suitable performance

Legislation

A fellowship contract will be celebrated according to the “Regulations for Research Grants of the Foundation for Science and Technology” in force (<http://www.fct.pt/apoios/bolsas/docs/RegulamentoBolsasFCT2015.pdf>), the INESC ID Grant regulations approved by FCT, and to the Status of Scientific Research Fellow (Lei nº 40/2004 de 18 de Agosto, and its successive amendments).

Monthly amount

The monthly amount of the grant (**980.00 €**) is in accordance with the values stipulated in the “Regulations for Research Grants of the Foundation for Science and Technology” in force (<http://www.fct.pt/apoios/bolsas/docs/RegulamentoBolsasFCT2015.pdf>) (<http://www.fct.pt/apoios/bolsas/valores>) and INESC-ID Lisboa Grant Regulations approved by FCT, and shall be rendered through a monthly bank transfer to an account held by the grantee

Objectives / summary

For the 3rd phase of the CMU Portugal Program the objective is to create a new and up to date website that will allow the Program to communicate clearly the new institutional image of CMU Portugal, together with the new activities and initiatives that are expected to take place. The fellowship holder should be able to produce, configure, and/or maintain a content management system and an email service with the requirements of performance, security, availability, and ease of use.

Scientific supervision

The activity will be supervised by **Rodrigo Rodrigues**, Full Professor of IST and Member of the Distributed Systems Group at INESC-ID. The grantee will be integrated at INESC-ID in the **CMU-Portugal Coordination Office**.

Required education Level and experience

The candidate should have a pre-Bologna “Licenciatura” Degree or a Bologna Integrated Master’s Degree in Computer Science or Computer Engineering.

Evaluation criteria

Academic record of the candidate (40%) and experience in the following areas of research: reliable distributed systems (40%). The Jury may interview the 5 candidates with higher classification. In order to perform a more objective evaluation of some of the criteria, the interview will count for 50% of the evaluation of each criteria above."

Language skills (English) will also be considered as criteria **(20%)**.

The jury will convene in **(April 6th 2018)** and is composed of

Name	Professional Status / Institution
Rodrigo Seromenho Miragaia Rodrigues	Full Professor/ IST
Nuno Jardim Nunes	Full Professor/ IST
João Filipe Mota Guedes Fumega	Education and Research Officer/ INESC ID

Results

The final evaluation results will be publicized through an ordered list, and the candidates will be notified of the Jury decision by email.

Documents to be submitted

all applications should clearly state the reference of the project

1. detailed curriculum vitae
2. motivation letter
3. copy of official academic degree certificate **
4. detailed list of grades
5. name of two personal references

**For candidates with foreign degrees outside UE it is mandatory to have equivalence/recognition of the degree.
