

## inRes Closing Session

December 6, 2016

*Invited Keynote Speaker – Short Bio*  
**Paulo Espregueira Magalhães**

Paulo Magalhães is the founder and CEO of Tlantic, a Portuguese-Brazilian software company that is part of Sonae Group. Prior to Tlantic he was a co-founder of Enabler, a systems integrator for retail, also born from Sonae, that was sold in 2006 to Wipro.

With a background in Systems Engineering and Computer Science, Paulo Magalhães initiated his career at Banco Português de Investimento, a private banking company, in the fields of Information Systems, Mergers & Acquisitions and Equity Research. Later, in 1996, he joined the Sonae Group as the manager of Information Systems of Sonae Distribuição, and held other positions such as member of the Board of Directors responsible for Information Systems, Business Development and Innovation, and President of FINCO - Sonae Consulting Group for IT and Communications.

Paulo Magalhães holds a degree in Systems and Computing Engineering from Minho University (1988) and an MBA from EGP-UP (1991). Later he strengthened his management and leadership skills in courses at top business schools such as MIT and London Business School. He is a faculty member of Porto Business School, Faculdade de Economia da Universidade do Porto and his alma mater, Universidade do Minho, lecturing in the Business Management area.
