

2019 Call for Scholarships Selection Committees

The Selection Committees will produce a selection report based on the following criteria: academic and professional merit, motivation letter, recommendation letters, TOEFL, GRE. The candidates will then be ranked. Individual interviews may take place as a selection method for the final phase of the evaluation.

The Directors of the Carnegie Mellon Portugal Program will validate the selection process and assess the scholarships allocation among the Dual Degree Ph.D. Programs available in the 2019 Call.

Professor José Fonseca de Moura, CMU
