If you need any further information or support in order to identify a host at CMU please send an e-mail with your concerns to apply@cmuportugal.org;
2. Candidates should determine a period of visit according to the dates announced for the call, and define a work plan, in coordination with the host at CMU (and the supervisor(s) in Portugal if the candidate is a master student).

Once the call is open

Candidates should follow the procedures described at the [call's announcement](#). This will require:

² Any decisions regarding the Visiting Student Program applications will be conditioned on the availability of funding.

3. The host department at CMU will contact OIE and follow administrative procedures such as visa instructions, [CMU Collaborating Visitors Questionnaire](#) and the [CMU Foreign Corrupt Practices Act Certification](#)³.

Before departure

1. CMU Visitors Office validates the Collaborating Visitor Process⁴ information submitted by the candidate;
2. The host department student's office will contact successful applicants to collect all information required (evidence of financial support, personal information, prior immigration visa status, etc.);
3. The host department at CMU will provide guidance on visa related procedures and other useful information such as office space, computer and network access, CMU ID, etc.;
4. The Portugal office will provide the information required for the visiting students contract to be confirmed between the students and INESC ID.

2-3 Months

1. The host department at CMU must provide students' complete information to the OIE, no later than 60 days in advance of the anticipated arrival date, to allow sufficient time for all document processing requirements;
2. The OIE will enter the information into SEVIS⁴ and issue the DS-2019⁵ document that will allow students to apply for a J-1 non-immigrant visa at a U.S. Embassy or Consulate. For complete information on the J-1 Exchange Visitors process please visit [this](#) page;
3. A collaborating visitor agreement will be sent by the host CMU department and should be signed by the visitor and also the head of the Portuguese host institution;
4. All J exchange visitors (J-1) are required by federal [regulations](#) to have health insurance meeting minimum requirements, which can be found [here](#). Failure of the J-1 exchange visitor to maintain adequate health insurance will result in the loss of their legal J immigration status. A number of companies offer health insurance. [On this page](#), there are a sample of companies which provide health insurance plans which meet the regulations for J-1 students and exchange visitors. PLEASE NOTE: CMU's Office of International Education cannot recommend plans or guarantee that they will be accepted by Pittsburgh-area providers. Also, while the companies listed [on this page](#) currently offer insurance plans that satisfy the minimum U.S Department of State (DoS) requirements, the J exchange visitor must check with the company directly to make sure that the health coverage meets the minimum DoS requirements, as services are subject to change.
5. House arrangements should be made by this time. The host at CMU, together with the CMU Portugal office @ CMU may be able to provide guidance on this matter. [There are several housing options](#) that are offered some at a reduced CMU rate. There are also several boarding houses available. In order to access the CMU rate, researchers must state that they are visiting on behalf of CMU. Housing and other relevant information about life in Pittsburgh and at CMU is available in the [online resources](#) for CMU Portugal students.

⁴ SEVIS is the Student and Exchange Visitor Information System used by U.S. Immigration and Customs enforcement to track and monitor schools, students, exchange visitors and their dependents throughout the duration of approved participation within the U.S. education system. More information in the document "[The SEVIS Fee for F-1 and J-1 Students](#)".

⁵ The DS-2019 acknowledges that the University has invited you to visit the institution, has authorized the visit, and supports the application for J-1 status. The DS-2019 is not a visa and you cannot enter the U.S. with the DS-2019 alone; the DS 2019 works in partnership with the J-1 visa stamp in the passport.
